

# Rollers and Compactors

## Top of the range equipment

Since 1990, Master Hire has provided the very best in service and equipment. Master Hire is a locally owned and operated company and offers the convenience of locations across Queensland. Master Hire aims to provide you with a wide variety of affordable and effective solutions to your compaction requirements with top of the range equipment that will get your job done.

Our extensive fleet of compactors include padfoot rollers along with smooth drum rollers. We stock remote trench rollers including articulated models for extra stability and maneuverability. With our complete range of rammers and vibrating plates Master Hire can meet all your compaction machinery requirements in all applications.

Great service, great products and innovation have made us a market leader in the hire equipment industry.

Master Hire - Built on Service.

Remember to speak to our friendly team about:

- Flexible rates for long term hire
- Delivery services available
- Damage waiver available

**Your safety is our concern.**  
Please ensure safety at all times.

## The Master Hire Story

As a family owned company, Master Hire has been 'Built on Service' to our customer, from the first day we were established in 1990. We have built our service by providing hire solutions for the construction, industrial, mining, infrastructure, commercial, trade and residential markets.

At Master Hire, we listen and respond to your needs and are constantly looking to be the industry leader in customer service with dependable people, equipment and processes which all work to provide value for money.

Partnering with Master Hire means **your** safety, **your** deadlines, **your** budget and **your** satisfaction are all the **focus** of our friendly team.
